

Career Opportunity - Sr. Forestry Technician 2 Openings - Kamloops, B.C.

Forsite, an innovative forest and land management company, with 7 locations throughout B.C. is looking for candidates interested in challenging positions in the area of timber development.

At Forsite we excel by being a flexible, adaptable, people-oriented business. We are successful through creating value for our customers and opportunities for our employees. Through our commitment to forest land management in BC we create an environment that challenges our staff and provides opportunity for personal and professional growth.

As a Senior Forest Technician you will be responsible to provide technical expertise to project teams on all aspects of forest management including timber reconnaissance, field engineering, riparian assessments, GPS traversing. Experience and familiarity with ground based and cable harvest systems, including road side and production landings.

Former harvesting experience an asset.

Experience in timber cruising is a strong asset.

Experience in harvesting and harvest methods is an asset.

You should demonstrate the following:

- Enthusiasm, hard-working, and showing a passion for forestry and working outdoors.
- A professional, friendly and courteous manner, being service & team oriented.
- A strong sense of business and a desire to work in a competitive environment with a strong emphasis on project management.
- Strong organizational and problem solving skills.
- Initiative and perseverance.
- Self-direction, flexibility and the ability to work under limited direct supervision.

If interested in this challenging and fulfilling position with a competitive compensation and benefits package, please email a cover letter and resume, with "Sr. Forest Technician - Kamloops" in the subject line, to careers@forsite.ca.
